

## Pathfinder Card Making Honor Supply List

Dear Parents,

*This honor is a little bit heavy on specific supplies in order to complete the requirements. I buy most of my supplies for kids' card making in Dollar Tree because everything is \$1. If they have everything in stock, you can complete this honor for about \$10 while they will cost you about \$35 at some place like Michaels. I also like Tuesday Morning but you never know what they will have. The brands of the supplies do not matter! Most supplies can be shared if there is more than one child in your family. The items marked in red, they will each need their own.*
